

EVER WONDERED HOW
SAVVY EXECUTIVES MONITOR
THEIR SITE PROGRESS
WITH SUCH AN EASE: LIKE IN A SNAP !

MONITOR, CONTROL AND SHOWCASE **YOUR PROJECT'S** PROGRESS STORY

Monitoring your construction projects' progress is essential to align your actual performance with projected standards.

At Studio52- timelapse, we understand this precisely and offer complete solutions to monitor your project's progress. No matter whether it's long term or short term, we showcase your project's story with equal passion and precision to your stakeholders. Our periodic video updates empower you to watch your project grow every day from ground zero to completion

SOLUTIONS TO SHARE YOUR DREAM, AND THE STORY BEHIND IT

- Uninterrupted monitoring
- Strategic installation of camera to monitor site progress along with surrounding facilities
- Solar cameras for zero downtime
- Periodic construction report, and video updates
- Gorgeous blend of effects and editing to produce enchanting timelapse videos
- Inhouse team of experts for excellent production
