# DIGITAL PROJECT MONITORING MADE EASY WITH OUR PROFESSIONALLY MANAGED VIDEO SERVICES

- » Suitable for any construction project, new-build or rebuild, Studio 52's construction progress video is the perfect solution to bring a construction project to life for all communications and PR purposes or other important requirements like Recordkeeping, monitoring, or building a portfolio.
- » Seamlessly view hours, weeks, months and years of your construction with a 4K-quality work of art and effective video documentation tools; allow continuous project monitoring with clear progress tracking.
- » Additionally, by producing a skilfully edited construction video by capturing the quintessential stages of the project, the contractors and managers can showcase their achievements to stakeholders and VVIPs.

## BIG OR SMALL SCALE LONG OR SHORT TERM

- » WE TAKE UP EVERY PROJECT WITH SAME SINCERETY
- » PRODUCE CUTTING EDGE CONSTRUCTION VIDEOS
- » VIDEOS THAT VISUALIZE THE PROJECT DEVELOPMENT STORY

## HOW IT WORKS?

- » Studio 52 wireless solar powered time-lapse cameras are installed a height to allow a wide view over the project.
- » Images are captured every 30 minutes. These are stored locally on site and also online via 4G to allow for live streaming, remote viewing and download.
- » Optionally at stages suitable to you, the team Studio52 can generate videos or a presentation of the images taken.

## BENEFITS

- » 4K quality construction video.
- » Local and cloud storage of images.
- » Configurable capture intervals.
- » Live viewing – at anytime from anywhere.
- » Night time capture.
- » Multiple camera installations.
- » Regular time-lapse videos can be generated on demand.
- » Post-production and video editing.
